

## Reporting of Foreign Source Income

This section contains supplemental information on foreign source income that you may need in order to complete your 2021 income tax returns if you owned shares of Dodge & Cox Global Stock Fund (the "Global Stock Fund"), Dodge & Cox International Stock Fund (the "International Stock Fund") and/or Dodge & Cox Emerging Markets Stock Fund (the "Emerging Market Stock Fund").

**Simplified Method** – If the amount of your foreign taxes paid from all sources is \$300 or less (\$600 if filing a joint return), you may be eligible to claim a foreign tax credit on Line 1 of Schedule 3 (Form 1040 or 1040-SR) without filing Form 1116.

**Standard Method** – To calculate foreign source income, you will need to use the additional information listed below.

The instructions for Form 1116 ask you to calculate your foreign source income and then to make adjustments for foreign source qualified dividends. To calculate your foreign source income, multiply the amount in Box 1a of your Form 1099-DIV by the "Foreign Source Income Percentage" in the table below. To calculate your foreign source qualified dividends, multiply the amount in Box 1a by the "Foreign Source Qualified Dividend Percentage" in the table below. Then follow the instructions for Form 1116 to determine amounts to report on Line 1a of Form 1116.

Fund	Foreign Source Income Percentage	Foreign Source Qualified Dividend Percentage
Global Stock Fund	57.7%	43.3%
International Stock Fund	99.9%	76.4%
Emerging Markets Stock Fund	100.0%	52.5%

You might be able to take an alternate approach if you do not qualify for the qualified dividend "adjustment exception" described in the instructions for Form 1116. Under this approach, you may calculate an adjusted foreign source income amount by multiplying the amount in Box 1a by the "Adjusted Foreign Source Income Percentage" in the table below, according to your qualified dividend tax rate. This amount, together with the total of your foreign source income from other sources, should be included on Line 1a of Form 1116.

## Foreign Source Income Percentage

Fund	15% Rate	20% Rate
Global Stock Fund	32.0%	37.9%
International Stock Fund	54.4%	64.7%
Emerging Markets Stock Fund	68.6%	76.2%

You do not need to report income passed through from a mutual fund on a country-by-country basis. "RIC" (regulated investment company) may be entered on Line i of Part I of Form 1116.

For more information about reporting foreign taxes paid, see IRS Instructions for Form 1116, Foreign Tax Credit, and IRS Publication 514, Foreign Tax Credit for Individuals.

## Corporate Dividends Received Deduction

Global Stock Fund	21%
International Stock Fund	0.7%
